Objective

Computer Science (Cyber Security) undergraduate with hands-on experience in web development and databases. Seeking a Software Development Engineer role to apply programming, database, and security skills to build efficient and secure applications.

Education

CVR College of Engineering

Bachelor of Technology

Computer Science and Engineering (Cyber Security) (CGPA: 8.02)

Sep. 2023 – Jun. 2027

Hyderabad, India

New Vision Junior College

State Board, Intermediate (MPC) — Percentage: 97.9%

2021 – 2023

Khammam, India

Sri Chaitanya Techno School

Secondary Education (SSC) — CGPA: 10

2020 – 2021

Kodad, India

Technical Skills

Programming Languages: Java, Python, C

Web Development: HTML, CSS, JavaScript

Databases: SQL

Developer Tools: VS Code, XAMPP

Concepts: Data Structures and Algorithms (DSA), Object-Oriented Programming (OOP), Operating Systems, Computer Networks, Database Management Systems(DBMS)

Projects

EcoShop — Sustainable E-Commerce Platform | PHP, MySQL, HTML, CSS

Jan 2025 – Apr 2025

- Developed a web-based e-commerce platform to promote and sell certified sustainable products.
- Implemented secure user and admin authentication using PHP with MySQL database integration.
- Designed and managed relational database schema for efficient product, user, and order handling.
- Built a responsive and user-friendly interface with smooth navigation and improved usability.
- Deployed and tested the application on a local server environment using XAMPP.

CSIDS — Command Sequence Intrusion Detection System | Python, Flask, SQLite, HTML, CSS

Jan 2026 – Apr 2026

- Developed a web-based intrusion detection system to monitor Linux bash command sequences in real time.
- Implemented anomaly detection using a sliding window N-gram model with TF-IDF and cosine similarity.
- Built adaptive user profiling with continuous learning to reduce false positives over time.
- Designed a role-based access control system with separate admin and user privileges for monitoring and alert management.
- Enabled automated email alerts with PDF reports.

Certifications

Linux Fundamentals - Red Hat Academy

Cybersecurity Virtual Internship - Palo Alto Networks

Fundamentals of Cybersecurity - Zscaler

Database Programming with SQL - Oracle Academy

Database Design - Oracle Academy
